

MATH & MOVEMENT™

Math-A-Thon Sponsorship Page

Name of Student _____

School _____

Our Math-A-Thon will run for _____ days.

My goal is to solve _____ total math problems.

What is a Math-A-Thon?

Math & Movement supports Math-A-Thons for the purpose of increasing math fluency. Math-A-Thons transform math practice into a fun game, thus encouraging students to solve a large number of easy math problems. Fluency is developed through practice and repetition. We encourage you to pledge a penny a problem for this Math-A-Thon!

Thank you for your support in making math fun!
